Newest and Finest  
European Style  
Home Care*

## *Our Goal*

Our goal is to be a PREMIER CARE HOME provider recognized for a quality service that affirms the dignity and rights of our residents who require assistance with daily activities and assist them to reach functional independence . Maintain a highly qualified staff to ensure the protection and safety of our residents.

## *Accommodations*

With semi-private rooms, we provide personalized care to promote their social, mental, and emotional well being. We encourage family participation in our goal setting to accomplish a more realistic outcome.

## *Safety*

We all know safety with our residents is major issue. Ageway Boarding Care is a new completely remodeled senior home and we are equipped with the latest safety features. Each bed in the home has a call light, all windows and doors have an alarm system, and the backyard is fenced for security reasons.

Our bathrooms are equipped with a ADA approved grab bars, and built in special non slip tiles for the safety our residents.

Our caregivers are well trained for full management of medications .They follow physicians instructions , order refills , arrange for pick ups , document all medications record , and arranged transportation to doctors .

## *Extra Comforts*

- PERSONAL CARE

We provide attention to each resident according to his/her own needs. which includes full assistance with assisted daily living. Residents are encouraged to participate in a variety of activities at home or at the local senior center.

- MEALS

Our (European style) meals are served and prepared fresh on daily basis and include snacks. Special dietary needs provided according to physician's instruction or ethnical background.
